LONGWELL

± 2,640 Approx Sq Ft

Two Stories • Unfinished Basement

4/5 Bedrooms • 3 Bathrooms • 2-car Garage

The Longwell's graceful front features four columns and a wide porch creating a welcoming air. Natural light is a hallmark of this floor plan thanks to the abundance of windows on the main level. The dining room, kitchen and great room are connected for seamless modern living. This versatile space features a central island and snack bar with the deck steps away off the kitchen. The primary suite with a spacious bath retreat is off the great room for the utmost of convenience. An additional bedroom and bathroom complete the main living space. Upstairs, you'll find two additional bedrooms, a bathroom and a spacious den or study for working from home. The unfinished basement offers plenty of space to expand your living space with an additional bedroom, bathroom, mancave, workshop or exercise room.
